DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claims 1 and 4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

With regards to claim 1, line 11 it is not clear who sends the predetermined response. It is also not clear what is meant by "request-to-send to send".

Also, in line 12 it is not clear who "thereafter sends" i.e., is it the node or the data relay unit that sends?

In claim 1 line 19 it is not clear what is meant by "... to be activated" what is being activated?

In claim 4 line 6, it is not clear what is meant by "request-to-send to send"

In claim 4 line 8, it is not clear if "occurrence of event" should be replaced by "occurrence of an event" or "occurrence of the event".

In claim 4 lines 10-11, what is "to be activated"?

Clarification and/or correction are required.
